

FIThydro AMBER Meeting

FITHYDRO REPRESENTATIVE: PETER RUTSCHMANN

AMBER REPRESENTATIVES: CARLOS GARCIA DE LEANIZ, IAN DODKINS

LOCATION: SWANSEA, UK

DATE: 20/2/2017

Meeting Highlights

The following items were agreed on during the meeting:

1. AMBER will make a link to the FIThydro project on our website www.amber.international and FIThydro will do the same with AMBER when your website is up and running
2. FIThydro and AMBER will encourage regular communication through their PM's
3. FIThydro and AMBER will make each other aware of dates of meetings and workshops to encourage participation and cross-fertilization between the two projects.
4. FIThydro and AMBER will aim to host a joint meeting at end of project in 2020 in Brussels
5. FIThydro and AMBER will cooperate to try organizing an additional event.
6. FIThydro and AMBER will exchange details of our user networks and subscribe to each other's newsletters to maximize reach and impact
7. AMBER will seek help from FIThydro to populate the EU barrier atlas with details you may have on hydroelectric dams.
8. If FIThydro can share details of the ethics deliverables/documents with AMBER that would be most useful
9. FIThydro and AMBER to document in their reports a strong cooperation between the two projects
10. There is another project the FIThydro should consider: MARS
